EXPERIENCE

Frontend Engineer at The Global Access Ltd. - Dhaka, Bangladesh

May, 2018 – Present

The Company has its own set of business applications. Its market mainly based on Italy, UK and UAE. As a frontend engineer I am responsible for speeding up the front-end development of their hybrid applications.

Software Development Engineer at Storrea Ltd. - Dhaka, Bangladesh

June, 2016 – May, 2018

The Company provides Software as a Service (SaaS) for its clients. Its business structure is almost similar to Shopify. I was assigned to enrich Storrea's theme store which was built upon liquid template engine. Later I was moved to back-end feature development while at the same time collaborating with front-end team on their operation.
